**SUPPLY CHAIN MANAGEMENT (SAP) - ADD ON COURSE 2020-2021**

**Report of the Coordinator**

Department of Commerce(Accounting & Finance)- shift I in association with LEARN2WIN ACADEMY has taken an initiative to organize an add-on course on Supply Chain Management (SAP) for the welfare of the B.COM(AF) students to equip their knowledge in ERP. Initially Commerce stream students were given opportunities to enroll . Around 19 students from commerce (AF) of shift-I showed interest towards course and registered, the entire student had completed the course successfully. Hands on training were provided with the students own laptops. Mr.SwaminathKandaswamy, Proprietor-LEARN2WIN ACADEMY trained the students and conducted the exam

- Course Duration: 30 Hours.
- Commenced from: 1<sup>st</sup> Feb 2022
- Number of Student Attended :19
- Date of Exam: 5<sup>th</sup> March 2022
- Number of Student Passed: 19

**Feedback Analysis:** The feedback was collected and analyzed by the Coordinator. In general, positive feedback was received, as all the students expressed satisfaction with respect to content and design of the curriculum and teaching. Students wanted more addon course to equip their skills to fulfill the gap between theory and practical knowledge.

### **REPORT**

The Placement training for final year students was organised by MGC-Xavier Board in association with placement cell in regard to Xavier Board's industrial collaboration with TCS on 17<sup>th</sup> August 2022.

This program aims towards providing right opportunities and learning skills to under-privileged families, so that they can showcase their potential, join the mainstream economy, and shall have a dignified life. The program provides free employability training for economically weaker candidates. The program also supports the youth for guiding them for internal (in TCS) and external opportunities for their jobs.

The training was for 100+ hours, covering standard modules prepared by TCS on Business Communication Skills, Quantitative Aptitude, Logical Reasoning, Computers, Interview Skills, Resume building to name a few.

Around 112 students took part in the training program, Mrs. Priya & Mrs. Sonal were the class mentors for them. The program came to an end on 1<sup>st</sup> October 2022.

Most of the students took part in this program actively as it will be very useful for them for placement in companies.

2) **Purpose of the MOU:**

The Purpose of this MOU is to create an eco system to support and develop entrepreneurial need in aerospace, aviation and aeronautics sectors of India. Indian Government initiatives such as Make in India, Startup India, Svamitva etc., has created a massive opportunity for the developments of Startups, OEMs and in-house product development firms in recent times. Ministry of Defense and Department of Space of Government of India envisions establishing a self dependant manufacturing and supplier sectors in India. This has initiated a necessity to establish Technology Management initiatives, which serves as the basic purpose of this MOU.

3) **Motivation of the MOU:**

The future opportunity in training, designing, manufacturing, marketing, operation, service, human resourcing and market research in the aerospace and aviation sectors has created a promising consultancy services and outreach activities. The school level education focus with respect to skill development and co-curricular Science Technology Engineering Arts and Mathematic (STEAM) activities has increased the opportunity to groom the required human resources right from school studies. The lack of entrepreneurial knowledge in technology domain and technical knowledge in management domain has slowed the phase of startup initiatives. The urgent requirement and massive need in the domains of Drones, Defence Production and Space worthy Component. A manufacturer has created the need of new platform to provide required resource to the country. The much needed resource includes a wide skilled knowledge pool with able managerial efficiency. This provides a platform for the development of Technology Management for candidates and individuals comprising school students to entrepreneurs and market leaders.

4) **Objective of the MOU:**

To initiate and conduct outreach activities and trainings in the domains of aeronautics, astronautics and aviation.

To aid in creating infrastructure and to facilitate the entrepreneurial needs of the nation for the development of Technology Management domain in the aerospace and aviation sectors.

To provide consultancy services and to establish facilities to support training needs.

- c) To partner in consultancy projects and initiatives
- d) To support industry programs and outreach activities
- e) To use the logos of Second Party in the related certificates and promotional materials
- f) To use the logos of second party in the website and social media posts for the related programs and activity announcements

II) Second Party Agrees to carry out the following roles and responsibilities:

- a) To conduct/deliver certified courses , training programs and workshops in collaboration with First Party
- b) To organize aerospace and aviation related entrepreneurial and technical programs and activities in the campus of University of Madras
- c) To initiate and conduct industry programs and outreach activities

6) Effective Date:

This MOU will come into effect on the date of signature and will remain in force until either side delivers written notification to the other of its intention to terminate the Memorandum, in which case the parties will terminate six months after the receipt of such a notification.

7) Modification

## SYLLABUS

### UNIT 1

Mobile Phones: History of mobile phones-General characteristics of mobile phones- Mobile phones advantages, disadvantages and its applications.

### UNIT 2

Hardware of Mobile Phone: Mobile Phone chip components Name and Their Function-Function of Diode-Crystal-Transistor (Bypolar & Mosfet)-Function of Transistor- .Coupler-Wi-Fi oscillator-.EMI filters-Mobile Phone IC's and their function

### UNIT 3

Software of Mobile Phone: Mobile operating system-functions of OS- Types of Popular Mobile Operating System-Features of Mobile Operating System-Components of a Mobile Operating System-understanding different software faults-use of different secret code.

### UNIT 4

Troubleshooting: Fault finding & troubleshooting- section-wise fault finding and repairing of hardware and software problems-circuit tracing and jumpering- troubleshooting through schematic diagrams.

**AIM:** To understand the Problem of all kinds of faults in Mobile Phone, handsets in Hardware as well Software and rectify the faults using tools and equipment and various software.

### OBJECTIVES :

To understand the concepts of Mobile Servicing

- ✓ To know the hardware and software parts of mobile phone
- ✓ To Identify and rectify basic fault
- ✓ To familiarize future scope

### COURSE OUTCOME:

At the end of the course the student should be able to

- ✓ Knows about the Basic Circuit Board and Assembly and disassembly a mobile cell phone
- ✓ Has understood the concepts of Mobile Communication tools and instruments and its usage
- ✓ Knows about the Basic Circuit Board and Assembly and disassembly a mobile cell phone

Course Instructor :
