REPORT

The Placement training for final year students was organised by MGC-Xavier Board in association with placement cell in regard to Xavier Board's industrial collaboration with TCS on 17th August 2022.

This program aims towards providing right opportunities and learning skills to under-privileged families, so that they can showcase their potential, join the mainstream economy, and shall have a dignified life. The program provides free employability training for economically weaker candidates. The program also supports the youth for guiding them for internal (in TCS) and external opportunities for their jobs.

The training was for 100+ hours, covering standard modules prepared by TCS on Business Communication Skills, Quantitative Aptitude, Logical Reasoning, Computers, Interview Skills, Resume building to name a few.

Around 112 students took part in the training program, Mrs. Priya & Mrs. Sonal were the class mentors for them. The program came to an end on 1st October 2022.

Most of the students took part in this program actively as it will be very useful for them for placement in companies.
